INSTALLATION INSTRUCTIONS

Part Number E-2297

This filter fits: **See current catalog for applications**

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter will last 1 million miles or more. This filter is a direct replacement for the stock air filter, and no modifications will be required. However the following procedures MUST be followed to ensure the proper fit and seal of the K&N Air Filter.

1. Remove the stock air filter.
2. Carefully clean the inside of the air box base and the air box lid.
3. Install the pre-oiled K&N Air Filter.
   Note: The protruding end of the rubber plug and the metal clip is facing up in the air box. (Fig. 1)
4. Reinstall the air box lid and fasten the clips.

THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.
